Conference Location
Hilton Vienna Park
Am Stadtpark 1
Vienna, A – 1030, Austria

See you in Vienna, Austria!

Adjacent to the Stadtpark, the Hilton Vienna Park hotel is 16 minutes from the airport, walking distance to St. Stephen’s Cathedral, and just 2.5 km from the Naschmarkt. Inspired by Viennese Modernism and Secession, the Hilton Vienna Park hotel holds the LENZ restaurant, the vibrant Selleny’s bar, and the largest Executive Lounge in Vienna with a park terrace.

Vienna, the capital city of Austria, is a captivating destination that seamlessly blends rich history with contemporary charm. One of the most striking aspects of Vienna is its architectural beauty. The city was home to some of history’s greatest composers, including Mozart, Beethoven, and Strauss, and their influence can still be felt in the city’s concert halls and opera houses. Vienna’s charm extends beyond its historic and cultural offerings. The city is known for its impeccable quality of life, boasting well-maintained parks and green spaces, efficient public transportation, and a strong emphasis on sustainability.
Sustainability at our Core

At IEEE SENSORS 2023, the conference is taking responsibility and actively making environmental and socially responsible decisions as we work with The Austrian Ecolabel to be awarded the Green Meeting Certification. Green meetings put the emphasis on waste prevention, eco-friendly travel options and regional sourcing of ingredients for catering.

Criteria

• Informing all exhibitors of environmental requirements and signing agreements regarding avoidance of disposable cutlery and crockery, and use of recyclable materials
• Advertising environmentally friendly travel options to and from the event
• Availability of accommodation with environmental certification
• Conscious effort to save resources such as paper, reduce giveaways, and provide comprehensive information on waste avoidance measures
• Comprehensive internal and external information on green meeting measures and sustainability standards, participants able to give feedback
